Summer Enrichment Accelerator

Empower students to achieve this summer with high-dosage, high-impact tutoring

Set your students up for success with the **Summer Enrichment Accelerator (SEA)**—small-group tutorials designed to deliver transformative **Math** and **ELA** learning outcomes in a condensed timeframe.

Why choose SEA?

Flexible online delivery

Designed to fit seamlessly into your teachers' and students' summer schedules

Credit recovery support

Daily 30- or 45-minute sessions to complement students' summer algebra or elementary/middle school math/ELA coursework

Research-grounded program design

Curriculum-rich, intensive instruction informed by principles from the Annenberg Institute and University of Chicago

Real-time data and transparency

Session recordings, personalized learning plans, lesson notes, and formative/summative assessments

Highly trained tutors

Consistent, relational instruction from rigorously vetted and fingerprinted experts with extensive quality control

Teacher-led program development

Purpose-built learning modules and interactive classroom tools, all designed to deliver measurable student success

Summer is short. Partner with us to make it count!

Need funding support?

Our team will guide you through funding opportunities to accelerate your students' learning this summer.
