*If you need help remembering something your tutor said, classroom sessions are recorded so that you can review them later in **My Account** under **Completed Sessions**.*

Step 4: Rate and review your session

After each session, be sure to let us know how we did! You'll also be able to play a recording of your session and email or print the text-chat and whiteboards.

Step 5: End your session

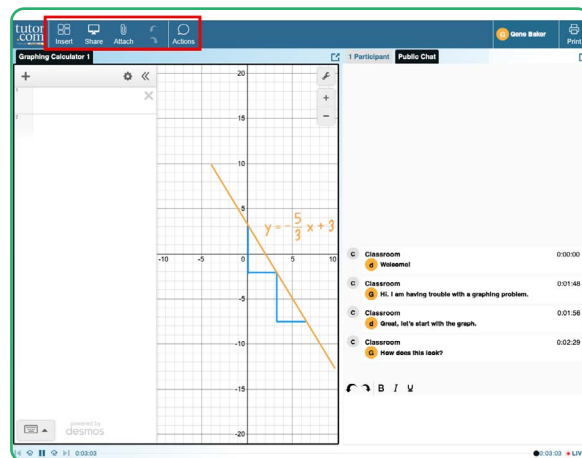

Once you finish rating and reviewing your session, simply close the Tutor.com window.

Use Special Tools

You and your tutor can use the whiteboard to share work and ideas. When you are using the whiteboard, you can draw, erase, add shapes, and change colors to help your tutor see what you're working on.

The classroom also includes a graphing calculator, text editor, and code editor that you can use if you are working on complex math, writing, or computer science. Use these tools by clicking the buttons above the whiteboard.

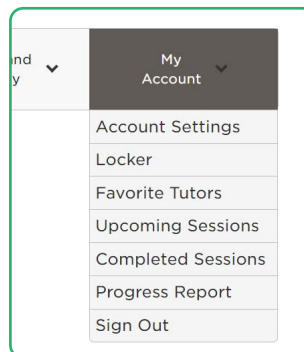

Use My Account
