Real-time data and analytics
Early alerts, administrator dashboard, and reports on demand

Scalability

We help higher education institutions scale academic support with 24/7, on-demand tutoring—whenever and wherever students need help.

- 250+ subjects, including study skills, career, and bilingual tutoring

- Drop-off writing review, including essays, assignments, cover letters, and resumes

- Self-paced resources including MCAT®, LSAT®, GRE®, GMAT®, and NCLEX-RN® prep from The Princeton Review

- AI essay review and "Ask LEO" chatbot, with the option to connect with a live expert tutor anytime

" From the beginning, we wanted to provide support for students who work or have extracurricular activities and aren't even free until 8:00 or 9:00 p.m.— and we couldn't pay student peer tutors to sit there until midnight.

—*Allie Mills, Director of University of North Alabama's Student Success Center*

Measurable Results

Tutor.com partners see improved student grades and retention. Tutor.com partnerships yield measurable ROI.
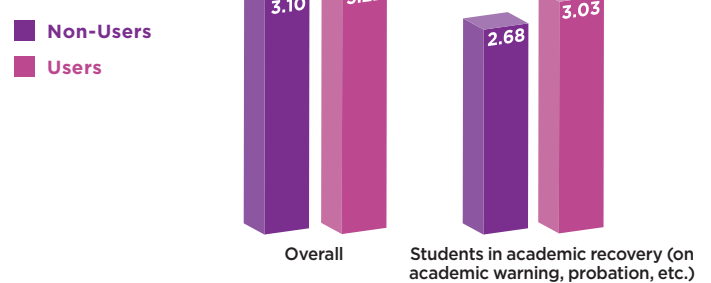

At University of North Alabama, students who used Tutor.com had better grades.
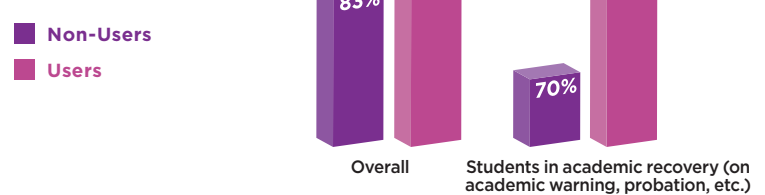

DFWI Rates (Fall 2021–Spring 2022)

- Non-Users
- Users

	Non-Users	Users
Overall	18.6%	17.1%
New freshmen	20.3%	14.8%
Students in academic recovery (on academic warning, probation, etc.)	23.7%	18.4%
EN 099 Basic English students	45.7%	17.2%

They also had higher GPAs. The positive effects were especially marked among at-risk students.

GPA (Fall 2023)

- Non-Users
- Users

|	Non-Users	Users
Overall	3.10	3.22
Students in academic recovery (on academic warning, probation, etc.)	2.68	3.03

Retention rates were greater, too—especially for students not in good academic standing.

**Retention Rates
(Fall 2021–Spring 2022)**

- Non-Users
- Users

	Non-Users	Users
Overall	83%	88%
Students in academic recovery (on academic warning, probation, etc.)	70%	85%
